

The Calgary Board of Education transportation service levels for 2017-18 will ensure the delivery of safe and efficient transportation that is financially sustainable.

We will continue to work within our CBE guidelines, where feasible, to provide yellow school bus transportation. Elementary students will access a stop within 1.6 km of their homes and middle school/junior high students will access a stop within 1.8 km of their homes. **For the 2017-18 school year all Alternative Program students assigned to a yellow school bus routes will access service within a congregated stop model which may have stops beyond the travel distance guidelines.**

Note | CBE transportation service levels and fees are subject to Ministerial approval.
