Dear Evergreen School and Woodman School Parents/Guardians:

Re: Construction update for Marshall Springs School (Evergreen Middle School)

Back in September information was sent to parents regarding the construction of the new Marshall Springs School in Evergreen. Since that update the project went out to tender and the construction contract was awarded to LEAR Construction Management Ltd. Mobilization. Work is beginning at the site and we are still targeting construction completion by March 2017.

Parents and Evergreen community members are invited to learn more information about the project at a drop-in session on Wednesday, Nov. 18 between 6:30 – 7:15 p.m. at Evergreen School (367 Everstone Dr. S.W.) before the School Council meeting. Area Director Sydney Smith and other CBE staff will be available to answer questions.

We will continue to update your community on the construction schedule and provide more details about the school opening date and grade configurations as we get closer to the opening date of the school.

For more information and updates on the progress of Marshall Springs Middle School, visit our website: <http://www.cbe.ab.ca/schools/building-and-modernizing-schools/Pages/evergreen-middle-school.aspx>. You are able to fill out a Your Voice Feedback form on the page to ask questions or provide feedback about the project.

Sincerely,

Sydney Smith
Director, Area V
