Update | Prairie Sky School Construction Progress

Dear Parents/Guardians,

In September, we updated you on the expected construction timeline of Prairie Sky School.

In that letter, we also promised to provide an update on the school's construction by the end of October.

Alberta Infrastructure has recently informed us of important construction delays that have impacted the handover date of the school to the Calgary Board of Education (CBE). This is unfortunate news and can be linked to material and equipment delays as well as workforce shortages.

As a result, we cannot confirm when the school's construction will be finalised or the school's opening date. We are closely monitoring construction progress and will provide another update to you before the winter break.

You will be notified as soon as the school's opening date is confirmed. We are still working closely with Alberta Infrastructure and will continue to support the construction process to ensure the school is complete and opens as soon as possible.

If you have questions or require additional information, please contact the Area 4 office at 403-777-6233 (extension 0) or Area4@cbe.ab.ca.

Thank you for your understanding and patience during this process.

Sincerely,

Lisa Nachtigal
Education Director, Area 4

Catherine Ford
Director, Planning
