January Update | Prairie Sky School Construction Progress

Dear Parents/Guardians,

Construction on Prairie Sky School is moving along well. We have not yet confirmed the opening date, but we are definitely getting close! Many of the outside finishings are almost complete, and the focus is now on getting the interior completed. This includes working on many of the specialty areas of the school such as the construction shop, science labs along with the foods and fashion rooms.

Once the keys are handed over from Alberta Infrastructure to the CBE, it will take around six weeks to prepare the school to welcome students. We will need to install the furniture, technology, books and other required learning supports, and then complete a thorough cleaning before we can welcome students on opening day.

We will provide another update next month. We will contact you sooner should the opening date be confirmed. If you have questions or require additional information, please contact the Area 4 office at 403-777-6233 (extension 0) or Area4@cbe.ab.ca.

Thank you for your understanding and patience during this process.

Sincerely,

Lisa Nachtigal
Education Director, Area 4

Catherine Ford
Director, Planning
