Expansion of Science Program

Dear Parents/Guardians,

Following the overwhelming interest received from parents, we are pleased to announce that the Calgary Board of Education will open a new Science Program next year for students in kindergarten to Grade 7 as follows:

- Valley View School will offer the Science Program for K-5 students.
- Ian Bazalgette School will offer the Science Program for Grade 6 and 7 students, with Grades 8 and 9 to be offered in subsequent years.

Both schools operate on a [modified calendar](#).

If you are interested in registering your child for the Science Program, please complete and submit your registration or transfer forms and the parent – acknowledgement of understanding for alternative programs form by March 9, 2017.

- [Registration form](#) (new to CBE only)
- [Transfer form](#) (existing CBE students) – must be signed by your child's **current** principal
- [Parent – Acknowledgement of Understanding for Alternative programs form](#) (all applicants)

If you registered for the Langevin Science Program lottery and you live in a community east of Deerfoot Trail and north of Peigan Trail, you will be contacted by the Area III Office to determine if you are interested in having your form included in the Valley View and/or Ian Bazalgette school lotteries. If you decide to have your form included it will be transferred to Valley View and/or Ian Bazalgette school. You will not be required to fill out an additional form.

A lottery will be held on March 10 for the new Science Program and results communicated to families by March 22. See information regarding the CBE [lottery process](#).

If you have a question that is not answered here, please contact the Area III office at AreaIII@cbe.ab.ca or 403-777-6233.

Thank you to everyone who participated in our Science Expression of Interest process. Opportunities to participate included: open houses held Jan. 24, 2017 at Valley View School and Jan. 25, 2017 at Ian Bazalgette School, and an online survey open from mid-December to Feb. 1, 2017. See the [presentation](#) and [survey results](#). Your participation made a meaningful difference in our decision.

Sincerely,

Dianne Yee
