Shaping the Future of CBE High Schools

Access • Flexibility • Choice

Share Your Feedback on Proposed Plan for CBE High Schools June 1-13, 2021

Since 2019, we have been working on a sustainable plan that balances enrolment across CBE high schools and gives students access, flexibility and choice in programming.

We have now developed a proposed plan to balance enrolment at CBE high schools that reflects what we have heard from you over the past two years. The plan aligns with [CBE planning principles](#) and considers available space and resources as well as financial sustainability.

We have responded to stakeholder feedback where possible in blending [Scenarios A and B](#), the two scenarios presented for feedback in March 2021.

More details on how schools and communities are affected in the proposed plan are available on the [high school engagement webpage](#). This includes:

- Digital Story Map that allows you to view the plan in more detail
- Printable PDFs of Enrolment Projections and Boundary Maps by school

We have an FAQ section that answers questions you may have as well.

Communicating a Decision by June 30

We will communicate a final decision about balancing enrolment at CBE high schools by June 30, 2021. This is earlier than planned and responds to feedback to make the decision as soon as possible so families have more time to plan.

These changes will be effective for the 2022-23 school year.

Thank you for helping to shape the future of high schools at the CBE.
