

Kindergarten | Enhanced Supports for Your Child

Dear Parents and Guardians of Kindergarten Children,

The Calgary Board of Education (CBE) provides enhanced classroom supports to kindergarten children. The classroom teacher is at the centre of your child's learning team and is supported by a school learning team. Based on classroom needs, each kindergarten program will also be supported by a multidisciplinary team that works with large and small groups in the classroom and may consist of:

- Education Assistants or Early Childhood Practitioners
- Early Learning Strategists
- Speech-Language Pathologists (SLPs)
- Psychologists
- Occupational Therapists (OTs)
- Physiotherapists (PTs)

These team members work collaboratively with teachers to optimize your child's early learning experience. School Family Liaison Workers (SFL) are also available to support families of identified children.

Getting to know your child will be the first priority and will be done in a variety of ways, including conversations with you as a family and observing your child in the classroom. The CBE is proud of these excellent services that enhance learning for children in our kindergarten programs.

Sincerely,

Early Learning Team
Calgary Board of Education
